General online application form tips

- Please use Internet Explorer when trying to access the page.
- When navigating the page please ensure you use the buttons on the webpage and not the web browser back button as this will affect your application when trying to save.
- Due to quirks of the system please always choose 'Home' as the address type for your referees even if it is an office address.
- Please ensure you enter a 'level' for each qualification entered otherwise these will not save i.e. GCSE, CSE, A-Level etc.
- The application form and additional information will be assessed during the shortlisting stage as to how far it meets the items outlined in the person specification. We have included a code on the person specification to indicate how we will be assessing each of the attributes required. You should use the 'additional information' section to clearly explain how your particular skills, knowledge, values and behaviours, experience and qualifications compare with the requirements of the person specification. You can demonstrate these requirements from your professional, voluntary or spare time activities. Please note the text boxes will expand to include as much detail as you wish in this section.
- All applicants must complete the employment history section leaving no gaps in employment unaccounted for. Indication of time off for a career break, for caring responsibilities, for study or travel or absences from work due to a disability will not prejudice your application in any way. If you are still in employment please leave the leaving date box blank for that job.

What happens next with my application?

Short listing

All applications received by the closing date will be shortlisted. This process involves comparing the information you have provided on your application form with the requirements of the person specification. The shortlisting panel will consider the overall quality of the applications and those applicants that best meet the essential and desirable criteria will be invited to interview.

The Diversity Monitoring section of the form will be used for monitoring purposes only - it will NOT be used as part of the shortlisting or interview process.

Please note that all applicants invited for interview will be notified in writing. Unfortunately applicants who have not heard from us by the date specified on the accompanying letter have been unsuccessful with their application – no further correspondence will be sent.

Interview Stage

Once candidates have been invited to interview the scores obtained at shortlisting will not contribute to the interview process. All candidates invited for interview will be notified in writing and asked to confirm their intentions to attend.

If you require further help or assistance with the application form or if you would like the application pack in an alternative format e.g. large print, braille, audio or another language, please do not hesitate to contact a member of the Human Resources Team on 01900 842145 or 03448736290 or e-mail vacancies@impacthousing.org.uk.
